ABOUT THE COLLEGE

Shrimati Indira Gandhi College is a self financing Arts and Science College for women, affiliated to the Bharathidasan University. The college is located at the centre of Tiruchirappalli City. It was established in the year 1984 with the objective of providing opportunities for higher education to girls in general and to rural girls in particular. It promotes the empowerment of women through education, employment and economic Independence. It aims to contribute to national development by producing skilled and Virtuous graduates with a thirst for knowledge and excellence. It has been recognized by the University Grants Commission under section 2(f) and 12 (b) in the year 1994. The college was accredited with the prestigious "A" Grade by NAAC for the 3rd time.

ABOUT THE DEPARTMENT

The PG and research department of computer science, IT & applications constitutes major part of the college. It offers graduate and post graduate degrees in Computer Science, IT & Applications with research degree in Computer Science. The department strives to produce students of high caliber well-informed in the state of art Technologies to fit themselves in roles required by the industry. It observes emerging trends in the industry and associates with leaders in the industry through MoUs and linkages to help in upskills graduates by experts. Regular placement training is blended with the curriculum to empower students through education and Employment. International and national conferences, seminars and workshops help the students in identifying core domains and acquiring essential knowledge.

CONFERENCE OBJECTIVE

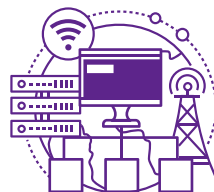

The main objective of this conference is to bring together the eminent and experienced resource persons from the academic institutions and industries to share their knowledge on the latest developments in Cloud Computing with an Indian perspective. This Conference provides a platform for researchers, students and professionals to exchange ideas, and discuss research findings and new advancements in Computer Science.

ABOUT THE CONFERENCE

The International Conference aims at providing an interactive forum for presenting and discussing the Cloud Computing Trends and Technologies. The conference will feature keynote and invited talks by renowned academicians, professionals, and experts.

CALL FOR PAPERS

Green Cloud Computing
Edge Computing
Cloud Cryptography
Cloud Analytics
Cloud Computing Platforms
Mobile Cloud Computing
Big Data
Cloud Deployment Model
Cloud Computing Contribution in Education
AI & ML for cloud operations management
Block Chain driven in cloud service
Cognitive Computing
Autonomic Computing
IoT cloud Integration
Cyber physical systems and IoT

PAPER SUBMISSION

The authors should prepare manuscripts in the following format. Mention the title of the paper, Name of the author(s) with designation and affiliation with E-Mail ID, typing should be made in MS Word with Format 1.5 Line spacing, Times New Roman Font with size 12 and 1" margin on all sides. Abstract Length 300 words.
