## NIIT Campus Recruitment for 2023 and 2022 Graduates

Some of the largest and most innovative brands in the business world are sustained by the massive sales and operations team. Good salespeople are good communicators, passionate problem-solvers, and stand as a strong engine behind a company's success. To create such a talent pool of forward-thinking banking professionals, Axis Bank in partnership with NIIT IFBI has launched Axis Bank Young Bankers Program leading to an assured Career as Branch Relationship Officer @Asst. Manager grade with a CTC of ₹ 4.42 LPA. It is a residential program @ NIIT University and candidates will be awarded Post Graduate Diploma in Banking Services on successful completion of the Program.

The program is specially designed for Graduates, to overcome placement-related challenges. In this regard, we would like to collaborate with your esteemed University/Colleges to extend this benefit to a maximum number of Final Semester Students as well as students who have graduated in the last 2 years.

Challenges for Universities/Colleges posed by the current industry trends

Large number of graduating batches with limited job opportunities or with delayed joining dates.

Lower placement % impacting future Enrolments, as students lose confidence in employment prospects.

With remote learning becoming the new norm, students do not have the luxury of “learning on the job”.

How can NIIT help?

This program, co-designed by Axis Bank and NIIT, is immersive in nature and provides you with a realistic experience of working with customers, products and processes of Axis Bank. Get an Admission Letter from Axis Bank at the start of the program (Covering all the aspects of the Program, Job, Salary & Role) which will increase student/parent confidence for both current and future batches.

Increase the employability of your students by getting them skilled while in the final semester / year with Industry Academia Collaboration with NIIT
