INTERNATIONAL SEMINAR

ON

CORPORATE GOVERNANCE: ISSUES AND CHALLENGES

Date:18th &19th June 2018

The Department of Commerce and Financial Studies of Bharathidasan University, SMART Journal of Business Management Studies and Department of Management Studies and Department of Commerce of Shrimati Indira Gandhi College have jointly organized an International Seminar on Corporate Governance: Issues and Challenges during 18th and 19th June 2018. This seminar proposed to examine the different dimensions of the Corporate Governance. The organization's performance depends upon the size and composition of their board. The corporate governance facilitates the process of achieving goals effectively. The corporate governance has enabled the organizations to develop the framework of rules and practices by which a Board of Directors of any organization ensures accountability, fairness and transparency to enhance overall performance, wealth generating capacity and achieve agreed goals. The seminar focused on the recent issues in the Corporate Governance.

The seminar encouraged policy research on various sub themes such as, Evolution of Corporate Governance – Its principles and mechanism, Major Corporate Governance Systems, Perspectives and Models of Corporate Governance, Corporate Governance codes for

Kancheepuram

Date:04.08.2018

The Department of Fashion Technology & Costume Designing of Shrimati Indira Gandhi college ,Trichy(Affiliated to Bharathidasan University) has taken an initiative step to create design form handloom Weavers Co-op Societies(under the control of Department of Handloom & Textiles) Chennai under “Industry-Institution-Interaction –Innovative Initiative Programme “

The Kancheepuram Murugan Silk Handlooms & Kancheepuram Thiruvalluvar Silk Handlooms function actively with 2000 handloom weavers' families.

The book of Designs for Handloom Silk Co-op Societies is designed by our young minds. The book was released and handed over to Mr. S.Sarathy Subburaj Joint Director /Managing Director of Weavers' Societies Kancheepuram by Former Vice –Chancellor Bharathidasn University and educational Advisor of Shrimati Indira Gandhi College Dr.K.Meena on 4.8.2018,in the presence of The Principal &The Head of the Department of Fashion Technology of Shrimati Indira Gandhi College & Mr.Kalimuthu Senior Art & Design executive of Weavers Service Center (Ministry of Textiles).The president ,Vice-President and 250 Weavers' of both the societies participated in this function

Our Special Guest Dr.K.Meena made a special address to the audience during this event ,During her speech she emphasized that there should be a good communication between the Industry & Institution to promote the concept of "Lab to Loom" .The Creative talent of the young designers will add value to the weavers' job.

Mr.Sarathy Subburaj said that they were looking forward to having more designs under the Industry-Institution-Interaction –Innovative Initiative Programme from the students and whole heartedly appreciated the earnest

||

efforts taken by Department of Fashion Technology & Costume Designing of Shrimati Indira Gandhi College.

Interaction with the weavers showed that they were highly satisfied with the new venture and each of them individually appreciated the delegates for their efforts.

Report on

Outreach programme on “Production of Vermiwash”

16.10.18

The Department of Biochemistry organized an outreach programme on “**Production of Vermiwash**” in the Panchayat Union Hall, Manakkal East Street, Lalgudi. The Programme started at 10.00.a.m. Around 35 farmers from village participated in the programme.

Mr M.Ravi, President, Panchayat Union and Mr.A.Sampath, Vice-president, Panchayat union, Ms.P.Anitha (Head, Department of Biochemistry), inaugurated the Programme. Ms P.Anitha and Ms.S.Gomathi, Associate Professors, Department of Biochemistry demonstrated on the production of Vermiwash. Farmers of Manakal village actively participated in the programme and got benefited. Vermiwash contains excretory products and mucus secretions of earthworms, growth hormones and micronutrients from soil. Vermiwash has high quantities of Nitrogen, Phosphate, Potassium, Sodium, Calcium, Copper, Magnesium, Manganese and Zinc. Vermiwash is diluted with water (10%) before spraying. This has been found to be very effective on several plants. It ensures healthy development of plants. It promotes better root growth and nutrient absorption. It may be mixed with cow's urine and diluted and sprayed on plants to function as an effective foliar spray and pesticide helping plant growth and preventing infections.

On behalf of the Shrimati Indira Gandhi College the President and Vice President of Panchayat were honored for providing Panchayat Hall for the conduction of the programme

Time: 10.00 a.m

Venue: Manakkal East Street, Lalgudi

Beneficiaries: PG Biochemistry Students.

A Report on Ecological Field Study

16.10.18

The Department of Biochemistry organized an Ecological Field study at “Pond Ecological System of Manakkal”, Lalgudi. Ms.P.Anitha (Head) & Dr.B.Varalakshmi, Assistant Professors, Department of Biochemistry were the resource persons. 40 students of PG Biochemistry were energetically participated in the study. The Programme started at 10.00.a.m.

The Purpose of field visit was to achieve the knowledge about the fresh water system and to study over exploitation of ecosystem. Ponds provide water supply to agriculture. The water and soil were brought as sample to the practical laboratory and the following micro, macro nutrients like Nitrogen, Phosphorus, Potassium, Iron and physical parameters like pH and temperature were analysed. Balanced micro and macro nutrient content in the soil were noticed, so which reduces the minimum requirement of fertilizer to the agricultural land. From the field study the student gained knowledge in the dynamic complex of plant, animal and microorganism and non-living environment in the pond ecosystem. This is one of the method of real teaching with live practical example of ecological pond.

Report

Enable Tiruchirappalli and Sevai Tiruchirappalli organized a “Three day Free Training Program for women”. The Department Of Fashion Technology and Costume Designing of Shrimati Indira Gandhi College co-ordinated this training programme .The session was from 9.00am to 4.00pm.

46 women from SEVAI participated in this training programme from in and around Aamoor (Gunaseelam,Sirugambur,Neyveli & Vaathalai)

In this Three day training programme they learnt the basic concept of Embroidery .In this short duration women were trained how to trace the motif on the material and to decorate the neck of chudidhar and blouse with beautiful embroidery design. Some of the Embroidery Stitches are,

- **Running Stitch**
- **Stem Stitch**
- **Chain Stitch**
- **Laisy Daisy Stitch**
- **Button Hole Stitch**
- **Herring Bone Stitch**

- **Rumanian Stitch**
- **Flat Stitch**
- **Filling Stitch**
- **Satin Stitch**
- **Couching Stitch**
- **Fly Stitch**
- **Feather Stitch**
- **Loop Stitch**
- **Applique Stitch**

This training program paved the way for the women to become an Entrepreneur in future.

Finally they were trained how to prepare a record and to display their Embroidery Samples in an innovative manner.

DEPARTMENT OF CHEMISTRY
OUTREACH PROGRAMME ON “Water Testing”

Date: 16-02-2019

The Department of chemistry organized an outreach programme at Thayanur village on 'Water testing' on 16.02.2019. Dr.Lakshmi Prabha, Head, Department of chemistry instructed the village people about the importance of purified drinking water for healthy life. Also she explained about Total Dissolved Solid and Hardness of water by using TDS meter and volumetric titrations. Around 10 samples were analysed and reports were distributed to the Thayanur village people immediately by I & II B.Sc chemistry students. Sambave, Shanmuga priya & Nivetha expressed the preventive methods of water borne diseases through powerpoint slides. They conveyed about the tremendous advantages of amla, Guava, watermelon, drumstick & bitterguard to avoid diseases caused by taking impure water. Apart from this, medicinal uses plants such as amla, aloe vera and nutrition rich plant for cow and goat were planted by Dr.Lakshmi Prabha and UG chemistry students. More than 100 people were benefited by this programme.
