पेटेंट कार्यालय, भारत सरकार | The Patent Office, Government Of India
 डिजाइन के पंजीकरण का प्रमाण पत्र | Certificate of Registration of Design

डिजाइन नं./ Design No. : 392678-001
 तारीख / Date : 13/08/2023
 परस्परविज्ञा तारीख / Reciprocity Date* :
 देश / Country :

प्रमाणित किया जाता है कि संलग्न प्रति में बतौर डिजाइन जो **SMART DEVICE FOR DETECTING FROZEN SHOULDER** से सम्बंधित है, का पंजीकरण, दिनांक 24-01 से 1.Dr. P. Gajalakshmi 2. Dr. T. Karpagam 3.Dr. R. Manikandan 4.Dr. V. Suganya 5.Dr. B. Varalakshmi 6.Dr. A. Shanmugapriya से नाम में उपरोक्त संकाय और तारीख में कर लिया गया है।

Certified that the design of which a copy is annexed hereto has been registered as of the number and date given above in class 24-01 in respect of the application of such design to **SMART DEVICE FOR DETECTING FROZEN SHOULDER** in the name of 1.Dr. P. Gajalakshmi 2. Dr. T. Karpagam 3.Dr. R. Manikandan 4.Dr. V. Suganya 5.Dr. B. Varalakshmi 6.Dr. A. Shanmugapriya.

डिजाइन अधिनियम, 2000 एवं डिजाइन नियम, 2001 से अन्वयित प्रवधानों से अनुसरण में।
 In pursuance of and subject to the provisions of the Designs Act, 2000 and the Designs Rules, 2001.

 एशोक कुमार झा, कर्मानुसारी, प्रमुख
 Controller General of Patents, Designs and Trade Marks

बतौर जारी की तिथि : 27/09/2023
 Date of Issue :

प्रमाणपत्र जारी करने की तिथि से शिकारी अधिकारों के अंतर्गत इस डिजाइन को अंतर्राष्ट्रीय व्यापारिक अर्थों में प्रयोग में लाने की अनुमति नहीं है।
 This reciprocity date (if any) shall be deemed to be the date of the country. Copyright in the design shall extend for an equal period from the date of registration, and may under the terms of the Act and Rules, be extended for a further period of five years. This Certificate is not for use in legal proceedings or for obtaining any further benefit.

Robotic Process Automation: Lab Manual Paperback – June 9, 2022

by R. Indra (Author), C. Shyamala Devi (Author)

See all formats and editions

This book is a lab manual that helps beginners to get started with Robotic Process Automation using UIPATH. This helps in automating tasks on the computer using software. Robotic Process Automation has gained significance as pervasive computing has enabled routine tasks to be easily automated. This has further been fueled by the cloud. With tools that enable us to generate code automatically, people are moving more towards a user friendly, non-disruptive environment, where no programming knowledge is needed. Many organizations have embraced RPA for CRM, Innovation, Sales & Marketing. Therefore, it is the need of the hour that students be trained in RPA technologies so that we have a good amount of trained workforce that can be employed to satisfy industry and business needs. This step-by-step manual would surely be of great help to anyone who would like to learn RPA from the basics.

This book will introduce you to the Python programming language. It's aimed at beginning programmers, but even if you've written programs before and just want to add Python to your list of languages, Introducing Python will get you started. It's an unhurried introduction, taking small steps from the basics to more involved and varied topics. I mix cookbook and tutorial

This book will introduce you to the Python programming language. It's aimed at beginning programmers, but even if you've written programs before and just want to add Python to your list of languages, Introducing Python will get you started. It's an unhurried introduction, taking small steps from the basics to more involved and varied topics. I mix cookbook and tutorial styles to explain new terms and ideas, but not too many at once. Real Python code is included early and often. Even though this is an introduction, I include some topics that might seem advanced, such as NoSQL databases and message-passing libraries. I chose these because they can solve some problems better than standard solutions. You'll download and install external Python packages, which is good to know when the "batteries included" with Python don't fit your application. And it's fun to try something new. I also include some examples of what not to do, especially if you've programmed in other languages and try to adapt those styles to Python. And I won't pretend that Python is perfect; I'll show you what to avoid.

HISTORY OF HANDLOOMS

Date: 08.08.2022

Time: 10.00 a.m

The department of Fashion Technology conducted a "Poster Making Competition on History of Handlooms" on 8.8.2022 .Around 50 students of the Department of Fashion Technology participated.

National Handloom Day is observed on 7th August every year across India. It is a day to acknowledge the Handloom weaving community for their huge contribution to the socio_ economic development of the country. In this regard Poster Making Competition on History of Handlooms was conducted by the Department which predict the importance of Handloom from ancient India. Students were asked to express their ideas through pictures and sketches. The young learners displayed their artistic skills through on array of posters under different Handloom brocades, Handloom weaving machineries and Handloom costume of different states from ancient India.

This competition provide the way for students to develop new ideas about Handloom and Handloom weavers. The best participants were awarded prizes.

“Re-vamping Castaway Clothing”

Date: 27.1.2023

Time: 10.00a.m

The Department of Fashion Technology conducted a "Workshop on Re-vamping Castaway Clothing" on 27.1.2023. Dr.K.Meena, Secretary, Shrimati Indira Gandhi College presided over the workshop. Shri. K.Chandrasekharan M.S., Chief Executive Officer, Smt.S.Aparna MBA,M.Phil., Director and Dr.J.Radhika , Principali/c, Shrimati Indira Gandhi College were present

Ms.M.Sudharshini III B.Sc. Fashion Technology welcomed the gathering. Our III-year students were the resource person for this workshop. They started the session by teaching the participants regarding the creation of various products like bags, scarves, accessories, mat, socks, cushion, wall hangings etc from worn-out clothes such as jeanpant, sarees, T-shirt, Leggings, Cotton shirts etc.

Re-vamping castaway clothing is the process of giving a worn item a makeover, transforming it into a new and even higher-quality selection. A pair of old jeans could be painted into an upcycled pair of jeans, or they could be dismantled and remade into a denim quilt. Rather than sending enormous amounts to the landfill, the fashions are revived by upcycling them into new dresses, skirts, jackets and fashion accessories. Fashion lovers can expand their wardrobes while reducing their carbon footprints by wearing sustainable fashion by up cycling their own used clothing into new garments

Ms.R.Yogeshwari III B.Sc. Fashion Technology, proposed the vote of thanks. Around 50 students of the various disciplines have participated. The workshop helped the participants to develop their skills and nurture the spirit of entrepreneurship among them.

Workshop on

CREATION OF FASHION PORTFOLIO

Date: 11.08.2022

Time: 10.00 a.m-1.pm

The Department of Fashion Technology conducted a "Workshop on Creation of Fashion Portfolio" on 11.08.2022 . Dr.K.Meena, Secretary, Shrimati Indira Gandhi College presided over the workshop. Shri. K.Chandrasekharan M.S, Chief Executive Officer, Smt.S.Aparna MBA,M.Phil., Director, Dr.S.Vidhyalakshmi, Principal, Shrimati Indira Gandhi College and Vice Principals were present.

Ms. R.Mahaswetha III B.Sc. Fashion Technology welcomed the gathering.

The resource person Rtn.P.Srinivasan ,Mentor Graphic Design ,Green Tree School of Graphics, Trichy.Started the session by introducing the various Graphics Design Software used in Fashion field and about the importance of Portfolio in seeking a career in Apparel Design and for those aspiring for entry level jobs in the Industry. The Portfolio must be aesthetically pleasing and demonstrate the skills desired by the design professionals making hiring decision.

In this demonstration students were taught how to use the tools of Adobe Photoshop in Designing , how to make Texture Mapping using Photoshop and to Create Different Motifs using the Software. At the end of the session the students were given different worksheets and they are practised to do all exercise using the Adobe Photoshop Software and they are monitored by the resource person .

This workshop was highly beneficial for their skill updation and placement.. Students were provided tips by the trainer on how to present their portfolio during job interview in future. The programme was a great success. Ms.K.Vaishali II B.Sc. Fashion Technology, proposed the vote of thanks. The program came to an end with the interaction session with 95 students from the Department of Fashion Technology.
