DEPARTMENT OF FASHION TECHNOLOGY & COSTUME DESIGNING

Organized a

“Faculty Development Programme On Hand Embroidery”

(Non Teaching Staff)

Date: 10.04.2018

The Department of Fashion Technology & Costume Designing organized a faculty development programme on **“Hand Embroidery** for Non Teaching staff of various disciplines on 10.04.2018 at V.G Drawing Lab. 15 Non Teaching staff members participated in this Programme.

Embroidery is the craft of decorating fabric or other materials using a needle to apply thread or yarn. Embroidery may also incorporate other materials such as pearls, beads, quills, and sequins. In modern days, embroidery is usually seen on caps, hats, coats, blankets, dress shirts, denim, dresses, stockings, and golf shirts. Embroidery is available with a wide variety of thread or yarn color.

The basic techniques or stitches of the embroidery are chain stitch, button hole or blanket stitch, running stitch, satin stitch, cross stitch. Those stitches remain the fundamental techniques of hand embroidery today.

The participants were taught to decorate the sarees ,blouse, baby frock, shirt, hats, T-shirt using different types of hand embroidery in creative way. This workshop helped the non teaching staff to improving constantly on manual abilities to become a successful designer & a good entrepreneur in future.

{NON TEACHING FACULTY}

“Faculty Development Programme On “Artificial Jewellery Making” (Non Teaching Faculty)

Date: 21.04.2018

The Department of Fashion Technology & Costume Designing organized a faculty development programme on “Artificial Jewellery Making for Non Teaching Faculties of various disciplines on 21.04.2018 at V.G Drawing Lab. 15 Non Teaching Faculty members participated in this Programme.

Jewellery making allows to flex your creative muscles while combining a variety of colour & materials that suits our personal style. By making our own necklace,earings,bracelet & accessories,we can fill our jewellery cabinet with the variety of jewellery that perfectly matches our personality and our outfits. We can even stretch our creative boundaries by exploring different styles & designs to sell or give aways as gifts.

The participants were taught to make necklace,earings & bangles using artificial items in creative way. This workshop helps the non teaching faculties to improving constantly on manual abilities to become a successful jewellery designer & a good entrepreneur in future.
