Career Planning Workshop

15/03/2021.

A training Programme was organized on the above subject for all students of ug & PG.

Students were given knowledge about Career Planning along with worksheets and tips for modelling their careers. Students showed keen interest in the workshop and informed it would be useful for them to secure placements using this training.

Further development and training is being planned in the near future.

The sessions were well organized and co-ordinated by I&AC & faculty members.

DR.PRABA V <praba@sigc.edu>

Cc: Jayaraman B <jayaraman@inlustro.co>, Deepa G <deepa@inlustro.co>

Respected Madam,

Thank you for having organized such a wonderful visit to Shrimati Indira Gandhi College. I really appreciate your hospitality and the time you allocated to discuss the way forward. It was an extremely productive session and I am writing this letter to encapsulate the key details of the conversation and attach the Student Evaluation form for conducting the student selection exercise.

1. We discussed that we will try to achieve optimum performance for this year in terms of placement by identifying **300 candidates in their final years** from across all the departments for a communication boot camp that will empower them to get placed.

2. The boot camp will be conducted for a period of 5 weeks from the **5th of January, 2022 to the 14th of February, 2022. The boot camp will be held from 1:15-4:00 PM. From 1:15-2:15 PM, we will be having career-focused information sessions. From 2:15-4:00 PM, we will be conducting soft skills training workshops according to the following schedule**

- > **Week 1 - Effective Communication in a Professional Setting - Communication 101**
- > **Week 2 - Team building, Creativity and Innovation through a Project-Based Learning Model**
- > **Week 3 - Developing your Personal Brand with a focus on developing a Growth Mindset**
- > **Week 4 - Business Storytelling & Business Etiquettes**
- > **Week 5 - Interview Centric Training and Resume Writing**

3. **In order to select students from the final years, we decided on a uniform evaluation process. Each mentor is assigned 20 students and from amongst them, 3 students have to be selected based on a student evaluation form attached along with this email. The form will be filled by the academic mentor. Section IV alone has to be counter verified and graded out of 5 points by members of the placement team who will be observing the interview process. We have attached two sets of question papers for the test mentioned in section III along with this email. The staff has to administer this test to their group of 20 students and evaluate the answers as per the answer key attached to this email. After getting the score out of 40, they are expected to convert it to out of 15 and enter that score in Section III of the evaluation sheet.**

4. At the end of each week in the boot camp, we will be asking our students to present their learnings through an in-class activity. We will also invite founders and HR executives from different companies to come in and take part in the workshop so as to create more opportunities for placement.

5. For each student who has been selected as part of the Corps d'élite, together, we will be profiling in detail their career interests and options so as to maximize their chances of placement, in line with their individual strengths. We will also be administering a survey to these students to better profile their interests.

Please feel free to add any further points that I may have missed out in this email. Also do go through the Student Evaluation sheet and the 2 sets of Screening Tests attached here to see if it is acceptable and let me know if we can go ahead.

To: Aditya Sambamoorthy &lt;aditya@inlustro.co&gt;

Dear Sir,

In continuation of my previous mail, it would be convenient if you could send us a schedule of the dates on which classes will be held during March and April as many students are concerned regarding how all the 64 hours would be accommodated within the short span of time. Some of them who wish to join are yet to make a decision due to this reason. As the semester is coming to a close, and students may leave the college in a few months, they would like to know in advance about how long they will be attending the sessions as only one or two sessions are held per week. It will be helpful if you could kindly clarify this matter so that we could help the students to reap the benefits of the training program.

Thank you.

N.VIJAYALAKSHMI.

On Fri, Mar 12, 2021 at 11:28 AM MS.VIJAYALAKSHMI N &lt;vijayalakshmi@sigc.edu&gt; wrote:

Dear Sir,

Greetings of the day.

In response to your mail, it is hereby brought to your notice that totally 91 students have enrolled in the technical stream and 110 students have enrolled in the non-technical stream bringing the total head count to 201 as previously discussed and agreed in the previous discussions along with our CEO. The sessions shall be conveniently conducted from 3.30 p.m to 5.30 p.m. There are 37 participants from PG and 73 participants from UG in the management group. It is assured that all students will be attending the sessions further on and staff shall monitor their participation during the sessions.

Thanking you.

N.VIJAYALAKSHMI.

Respected CEO and Principal,

I am writing this email with the intent of scheduling a meeting to streamline the rollout of the **Placement Crash Course for the final-year students**.

The sessions commenced last week and two classes have been conducted ever since. The classes are held on **Wednesdays and Fridays from 3:30 to 5:30 pm**. This timing was chosen after discussing it with the teaching staff of the college.

We had already indicated to the coordinating staff members -- Madam Vijayalakshmi and Madam Malathy -- that in order to scale down the price of the **crash course offering to Rs 500**, we require the participation of **at least 200 students** in the program on the whole - both technology and arts put together. Ideally, we would like to see 100 percent participation in this course from all final year students as it will strongly benefit their placement opportunities by empowering their candidacy with the requisite technical skill, managerial acumen, and corporate exposure.

There was a request to reschedule class timings on both Wednesday and Friday to suit student needs. This was communicated to us only an hour or so before the classes commenced. In spite of adjusting the timings to cater to the student requirements, we witnessed sub-optimal participation from the students with only 80 students attending the technical session and a mere 18-20 at best attending the non-technical sessions. Due to the absence of staff monitoring, it was also extremely difficult for us to keep track of the students - more so in the HR session wherein, there was extreme confusion. The WhatsApp group with the students was not created with the right set of students causing them to be removed from time to time, distorting communications.

I would like to initiate a meeting **at the earliest, before proceeding further** to set certain things in order so as to maximize the benefit for the students and minimize any irregularities or aberrations to facilitate smooth conduct of the sessions hereafter. Request the presence of the CEO, the Principal, the Vice-Principal, and other key staff members to reconcile the following issues

- Finalizing the timing of the sessions
- Ensuring consistent and expected level of student participation
- Vouchsafing staff monitoring to facilitate smooth conduct of these sessions

Seeking your understanding.

Respected Sir,

We at InLustro Learning Pvt. Ltd. are writing this email to you with reference to our earlier meeting last week regarding the results of our crash course program.

Attached with this email are 3 documents :

1. An answer booklet containing the detailed explanations and solutions for all the tests administered to the students during our course.
2. A PDF document titled "**All Results**" containing the marks of each test, the subject-wise average, and individual performance feedback along with identified areas of improvement for each candidate.
3. A PDF document titled "**Top 30 Students**" containing the performance records of the top 30 students who have been shortlisted for finer training and potential placement assistance.

Looking forward to having a more detailed discussion about the results and the way forward for the shortlisted candidates later this week on Thursday.

Best regards,  
Aditya Sambamoorthy  
Founder and CEO  
InLustro Learning Pvt. Ltd.

Respected CEO,

Thank you for the response.

I completely understand. Classes are going on smoothly now.

It's only natural that there are such issues in the beginning. We are confident that with the support of the management and the staff, such issues can be quickly remedied.

I am glad to share that the students are doing well. Thank you for giving us the opportunity.

# TRAINING EVALUATION REPORT

## **Executive Summary**

The main purpose of this evaluation report is to assess the effectiveness of the sessions carried out for students of Srimati Indira Gandhi college. This report provides an insight about programme objectives, activities facilitated, assessment methods and overview of the evaluation objectives. Overall, the students and the mentors informed that the programme was well received and rated the experience as good.

While examining the evaluation process, learner engagement, response, transferring of knowledge needed some improvements to achieve objectives in a better way. It is referring to the designing of programme plan, methods of delivery, different kinds of assessment etc., Therefore, recommendations for further actions are as follows:

- To modify the current training material to ensure that clear and specific objectives are met.
- Create a yearly planner with realistic manageable goals by identifying the audience needs.
- Activities and resources have to be reframed or refined based on the learners' current KSA.
- Follow-up support is essential throughout the training process.

## **Learning outcomes achieved**

- Able to frame simple day-day conversations
- Learners understand different elements of an email.
- Able to understand the importance of subject and to differentiate between formal and informal way of email communication.
- Able to write simple emails.
- Able to deliver short speeches.
- Able to design slides with effective visuals with simple content.
- Able to answer commonly asked interview questions and know how to respond in a right way.

## **Learner Engagement**

- Rewards in the form of certificates enhanced learner engagement
- This created a learning spirit & they were motivated and inspired to participate in discussions.
- The active participation of many learners in speech and presentations influenced other learners to come forward in giving their speech.
- Used real-life scenarios to engage them in the learning process.
- Learner engagement soared up at the time presenting a speech.

## Observation

- Chosen simple content to facilitate the learning process easier.
- Applied VAK learning styles to streamline the learning process.
- Applied active learning methods that supported the learners to conceptualize the materials to understand and to re-call it.
- Data evaluation is gathered through presentations, JAM topics, day-day interactions, class tests and by mock interviews.

## Gap Identification

- Learners need in-depth knowledge in rudimentary level of English.
- Majority of learners finds it hard to communicate in the English language.
- Time spent on each topic could be extended.
- It would be ideal to have a batch size of 30-35 participants.

## Challenges

- Poor bandwidth issues
- Batch size
- Communication gap
- Time duration

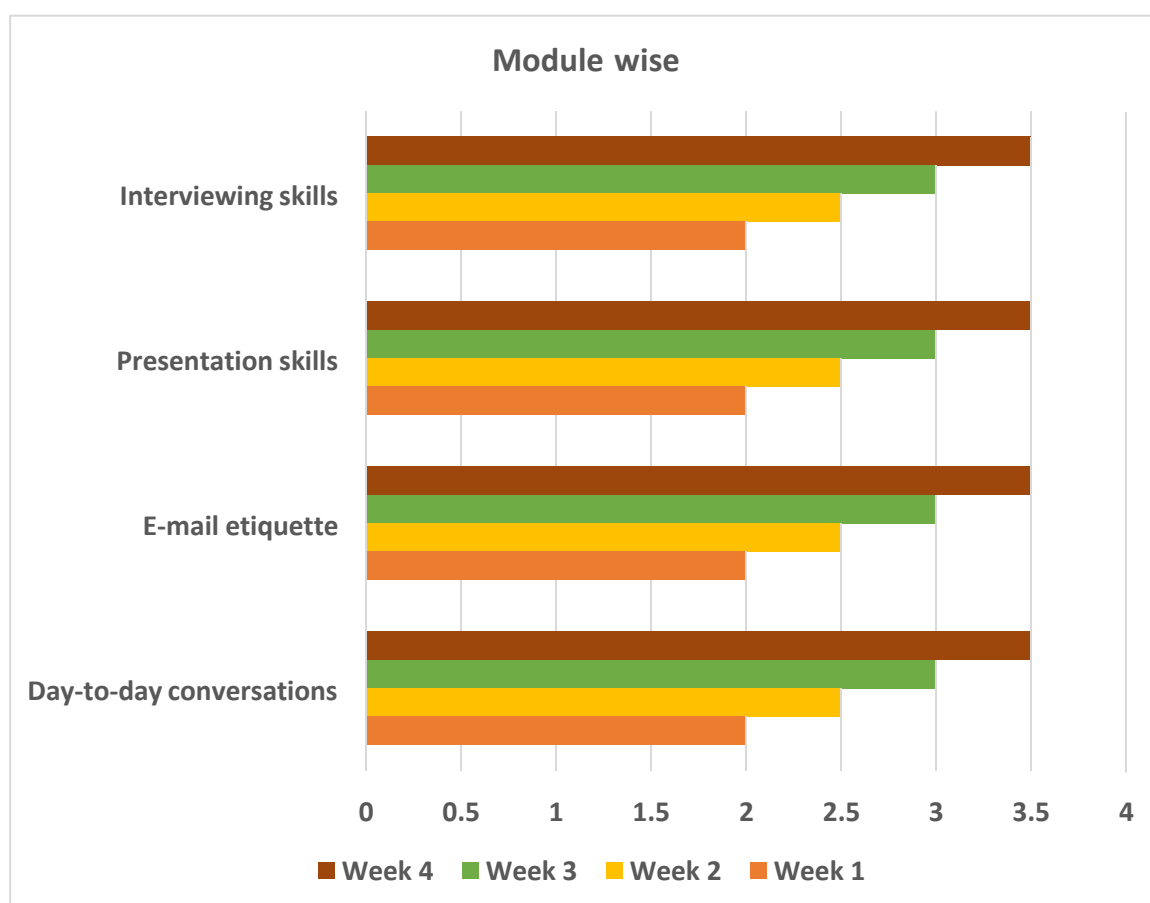

## Biggest Impact

- **Mercy Enrose** – I remember this learner due to her extensive participation and her way of applying the learning would be quicker. While delivering the speech, she was one of the learners who followed all the tips and strategies of structuring a presentation. She has shown utmost participation with correct answers.
- **Lakshmipriya** - A learner who takes part in almost all the activities and who brings the entire group to participate due to her influence. She is a learner who applied whatever that has been given in the participant handout and quickly apply whatever she has learnt like Mercy.
- **Samyuktha** – Any classroom discussion gets motivated due to her presence. She is an active participant who comes forward very quickly in presenting it in a right way. She supports and helps her peers in delivering their speech and spread positive vibes in the class. It becomes interesting and encouraging with her presence that evokes critical thoughts in everyone. She becomes an observer to the class and shares effective feedback about the students sometimes.
- **Mahesh Pasumai** – This learner is highly curious to learn and shares her answers for almost all discussions. I remember her because though she has

challenges in communicating in English, but confidently she comes forward in presenting her views without any hesitation.

- **Srinithi Ravichandran** – I remember her for good work in presentation skills in designing slides, She was able to apply all the techniques that's has been discussed during the class hours. She is an enthusiastic learner who is interactive and studious in engaging conversations.

## Tangible outcome

## Performance Analysis:

- **Learner engagement:** The learners found the content & materials to be engaging, useful and favourable that stimulated learning process and it was actually matching their needs to find relevant jobs.
- **Learning outcomes:** This was clearly identified with direct and indirect ways of assessing them through oral-discussions, in small group activities, a questionnaire to assess their obtained knowledge, skills and attitudes.
- **Behaviour:** Assessing behavioural changes would be challenging as acquiring knowledge can be measured quickly however these changes have to applied in the workplace lies the biggest challenge.

## Follow-up

To further enhance this programme, the following modules can be implemented to improve students' skill development and the continuous process of learning help them to face the interviews in an effective manner and to raise the bar as per the employers' requirements. Therefore, in view of the above, we are providing a long-term soft skills course with our R.E.A.L programme as discussed with you over the conversation for the UG and PG students.

### Year 1 (For UG)

#### **Grammar & Soft skills**

- Foundation of Grammar
- Essentials of Communication skills
- Impromptu speaking
- Johari window
- Personality Development

### Year 2

- Presentation skills
- Designing slides
- Virtual meetings
- Problem solving skills
- Are Soft skills important?

### Year 3

- Resume Readiness
- Interviewing skills
- E-mail Etiquette
- Business Etiquette
- Cross-cultural communication

## Year 1 (For PG)

### **Grammar & Soft skills**

- A guide to cover the basics & intermediate grammar
- Refine your Communication Skills
- Cross-cultural communication
- Presentation skills
- Time Management skills
- Designing slides

## Year 2

- Presentation skills
- Virtual meetings
- Are Soft skills important?
- Resume building
- Campus to Corporate
- Teamwork

(Nationally Re-accredited at 'A' grade (3<sup>rd</sup> cycle) by NAAC)  
**DEPARTMENT OF MANAGEMENT STUDIES**  
(AICTE-approved)  
**TIRUCHIRAPPALLI -620002**

Emboldened very much by the wider reception and highly appreciable results in the TANCET 2021, the Department is keenly interested to extend its expertise by conducting free coaching classes for TANCET 2022 also. The final year students who aspire to become a Professional by qualifying MBA can register with the Librarian, Department of Management Studies (MBA-AICTE Approved) on or before 02.04.2022. The classes will be conducted between 2.15 p.m. and 3.15 p.m. from 04.04.2022 onwards. .

The registration for TANCET 2022 exam is open in the Anna university Web portal (<https://tancet.annauniv.edu>). Advertisement copy is enclosed herewith for your reference. Commitment and 100% Attendance is compulsory.

## Women Empowerment Program

### Skill Training in Technology

### Honeywell-CSR Initiative

## TRAINING COMPLETION CERTIFICATE

This is to certify that ICT Academy has implemented a "Women Empowerment Program in Trending Technology" being the CSR initiative of Honeywell

The students have been trained on Microsoft Azure AI Fundamentals (AI-900) for 100 hours from 28.02.2022 to 15.03.2022.

No. of Students Trained: 104

The trainers were deputed full time by ICT Academy to impart training for 104 students at our Institution. We appreciate the efforts of ICT Academy in preparing the students with mock assessments and assessment preparatory session to take the Global certification. The training was very effective and useful for the students which we believe will help the students in their career progress.

Thanking you

## TESTIMONIAL

This is to certify that ICT ACADEMY in association with Honeywell conducted the Training on "Microsoft Azure AI Fundamentals (AI-900)" for 100 hours from 28.02.2022 to 15.03.2022. This training equipped our students with knowledge of Data Analytics through valuable hands-on training for women in exemplary manner. This effective learning has enhanced the skills of students to meet placements. We are thankful to ICT ACADEMY and HONEYWELL for the opportunities provided.

Shrimati Indira Gandhi College  
19 March 2022

Shrimati Indira Gandhi College, Trichy-620002 and ICT Academy joint Organized HR Conclave – Industry 4.0 with focusing the theme HR, Education and Industry 4.0 on 19/03/2022 at R.V. Auditorium. Dr. K. Sivakumar, Director – Training and Placement Division welcomed the gathering. Shri K. Chandrasekharan M.S., CEO, SIGC delivered the presidential address and highlighted the fact about how the evolution of Industrial revolution provided the people with all comforts. He motivated the students by quoting incidents from the life of eminent women personalities and set an inspiration. He gave the information about the evolution of technologies and view about Digital university.

Shri V. Poornaprakash, State Head, ICT Academy, uncalculated the young minds to aspire high and made them realize the value of Women empowerment and presented the certificate for the student Training Program initiated and implement by DIC Technology and ICT Academy to impart skill training in BPS, Insurance and Management

Shri Justin Sundar Jebaraj, Human Resources, Business partner, Vestas motivated the students to improve and increase their efficiency always by keeping their eyes open for learning. He also provided the diversity stats in various aspects and requested to spend at least 1% of the day daily for continuous improvement.

Smt. C. G. Gayathi, Program Project Manager, DIC Technologies interacted and inspired the students to discover themselves and focus on their aim. She was focused on importance of education, self-preparation and focus of life.

Smt. V. Shilpa, Talent Acquisition, Wipro Technologies continued the session and explained the challenges which HR professionals face. She also emphasized on HR in different roles and strategies they play and use in different areas. She also motivated the students by having packaging and branding, have a structure for presentation, elevator pitch and financial literacy with nine elements of life to elevate themselves to achieve the goal. She also quoted Fail first is not negative term, we will learn from failure which will make us more successful than others. Finally, Shri Charles Godwin R, HR leader and public speaker, Zoho Corporation quoted some inspirational real-life stories and incidents to enable the students to reach higher positions. Q&A sessions were really meaningful where our speakers were able to clear the queries raised by the participants in detail and the Vote of Thanks proposed by Shri Sriram.Sankaran, Director Training & Placement Division.

Around 400+ students participated with lot of take aways and benefited in the aspects of Talent acquisition, women empowerment and importance of education and training.
