Students were made to prepare a business plan and present it. Then the resource person helped them to fine tune their plan so that it can be implemented commercially. Many students learnt how to think in new ways and how to convert plans to business ideas.

Students were shown the working of robots, how to build robots for automating everyday work and scope for robotics in business. Commercial robots were also discussed.

Innovative ideas and scope for entrepreneurship in rural areas was envisaged.

The SIGC Institution's Innovation Cell participated zonal level Innovation and Startup policy held at Anna University Trichy organized by startupTN in association with BRANDLABS on 31/01/23.
