The percentage of students going for higher studies in 2018-19 is very low. So madam has asked me to again collect data for the same. I request all departments to recheck if some more students have gone for higher studies after passing out in 2018

9:31 am

Similarly I want details on how many students have appeared for competitive exams besides those who have passed for 5 years. This data also needs to be improved very much. I need atleast 50 new records per department today itself. Take steps now.

9:35 am

I have almost completed quantitative data based questions in all 7 criteria and submitted to madam. So I request all departments to bring details quickly. Otherwise

Our college is going to apply online to NAAC for the IV cycle of Accreditation starting December 1, 2020. Hence I request every single member of our college both teaching and non-teaching to kindly take this seriously and support the NAAC team by submitting all requested documents immediately and start working towards the submission of the NAAC SSR in December. I had already asked all departments to submit student details, placement details, higher study details, and NET/SET/Competitive Exam attended and passed details. Many are yet to submit. Some have submitted only partially. Please take immediate steps to completely submit the above details today itself.

NV Maam - kindly evaluate IIT Madras **Shaastra** online workshops and if possible, please assign a team to record or take screenshots. This can be an inspiration as we

- 1) develop courses for our college students and
- 2) develop weeklong certificate courses for class 11, 12 students to attract them for admissions at IG - this work stream is titled "IG Transforms"

Dear all, I am attaching a word file that contains the publication details from 14 to 19 which I have produced by formatting the already prepared data template for NAAC. This contains all publications that are indexed staff wise. Use this to prepare staff wise files for each department as per the sample file that I have sent. Use google scholar to get your revised citation index and h index. NAAC reps should collect the files from each staff member, you can see who from the attached file and forward the files from your dept email id. to iqac.sigc@gmail.com 🙏 Also find how many articles are indexed in UGC list / SCOPUS / WEB of SCIENCE and add it at the top. I am ready to clarify any doubts. Please
