## ABOUT THE COLLEGE

Shrimati Indira Gandhi College was founded in 1984 by Vidya Seva Ratnam K. Santhanam and Shri Y. Venkateswara Dikshitar, then Secretary and President of National College Council respectively to provide Higher Education and Economic Independence to girls in particular from rural areas. The college has been making progress in all spheres by the constant encouragement by Former Secretary Shri. S. Kunjithapatham, Secretary Dr. K. Meena and President Shri. Thotta P. V. Ramanujam. The college has been Accredited with 'A' Grade (3<sup>rd</sup> Cycle) by NAAC.

## ABOUT THE DEPARTMENT

The Department of Biochemistry was established in the year 1997, it was upgraded as PG Department in the year 2002 and Post Graduate Diploma in Bioinformatics was also started in the same year. The Department has completed its journey of 25 years. It is committed to train the next generation of scientists through best curricula, intense training, and State-of-the-art research practices. The faculties and students of Biochemistry have tapped funds for research and for the conduct of training programmes.

The Department has highly qualified faculty members, well-equipped laboratories, and a wide range of books in library for the students. Eminent speakers from various parts of the world were invited regularly to interact with students through webinars.

## ABOUT THE CONFERENCE

The International Conference on "Recent Advancements in Therapeutics" (ICRAT-2022) focuses on bringing an awakening to the young minds. Handing over the torch of research experiences to the youngsters is critical to achieve new heights in this endeavor. To keep pace with the global advances in the field of research, we need to equip students with right kind of research skill. The present generation has tremendous opportunities and potential to showcase their work.

The plenary session will touch upon the critical issue related to the theme. The Department of Biochemistry had made an attempt to provide a venue through the conference.
